

ISM Administrators/Fidelity Security Life Insurance Co. – FlexCare Bridge II

Hospitalization (Initial and Daily)

Please note: When submitting claims for hospitalization with DesignMED it is necessary to obtain a **UB-92** form, which is the form hospitals use to bill insurance. (The hospital will not bill DesignMED, but you will use this form as evidence of your claim.) You can obtain this form from your hospital's billing department.

It is also required to obtain an **EOB**, or Explanation of Benefits, which describes the specific procedures performed. This form is provided by your major medical plan, and can typically be obtained by logging into your major medical's website.
